

Sponsoring

MATRIX VISION GmbH supports scientific institutions which teach [industrial image processing](#) or similar topics with chosen products for free or reduced prices.

With this sponsoring, we want to contribute that as many universities of applied sciences, universities and institutes as possible can equip their laboratories and workplaces with innovative products for learning and researching.

Application for sponsoring program

Are you interested in the sponsoring program and want to take part? Please follow the link and fill in the application form. Please don't forget to report briefly your project.
